WALLS CONSTRUCTION SAFETY AND HEALTH POLICY

Walls Construction conducts its business by giving priority to health, safety and welfare. We are committed to eliminating all accidents, incidents and work related illnesses, to the well being of all who engage and interface with our organization and to the continual improvement of occupational safety and health management and performance. It is Company policy to comply with the Safety, Health and Welfare at Work Act, 2005, other legislation developed from this and any amendments thereto and any other relevant requirements.

Walls Construction will endeavor to:

- Comply with all legislative and other requirements and Company Procedures and policies pertaining to Safety, Health and Welfare;
- Pursue high standards of safety and health management and ensuring that all business decisions take proper account of safety and health implications;
- Create and maintain a positive safety culture based on positive behaviour's, interventions, actions, consultation and engagement with stakeholders;
- Maintain our OHSAS 18001 safety and health management system on a consistent basis.

Implement/develop procedures that aim to provide:

- Systems of work that are safe and without risk to the safety and health of stakeholders;
- Safe premises and work places, including access to and egress from them;
- Safe and healthy working environments with adequate welfare facilities;
- Leadership and support to sub-contractors and suppliers to enable them to contribute to improvements in our overall safety and health performance;
- Provision of appropriate occupational health advice and facilities.

Develop and review clear safety and health performance with both leading and lagging indicators including:

- Accident and incident performance rates;
- Attainment of annual safety and health objectives;
- Training achievement;
- Results of safety and health audits, inspections, and reviews;
- Achievement against our agreed KPI improvement plans.

The Managing Director has overall responsibility for implementing this policy. It is the responsibility of all employees through direction from Construction Directors, Contracts Managers, EHSQ Manager and other line management to work to this policy under their collective and individual responsibilities. The policy will be reviewed on an annual basis to consider organizational change, legal and continuous improvement requirements. Individuals' responsibilities under this policy are set out in the Company Safety Statement.

Finally, it is Company policy to consult all staff and employees on matters of safety and health and employees are hereby notified of this policy.
