Environmental Policy Statement

Purpose:

Walls Construction is committed to conducting our business in a manner that protects the environment and safeguards the health, safety and welfare of all persons working for or on behalf of the Company. We aim to promote a culture of environmental sustainability throughout the company, prevent pollution, protect the natural environment and ensure that all works are carried out in accordance with current environmental legal, regulatory and other compliance requirements.

Aim and Commitment:

All employees, including subcontractors and self-employed persons, have a duty to work with the Company to protect the environment, prevent pollution, promote environmental sustainability and comply with the requirements of this Policy. We are committed to working together to meet our stated environmental objectives, to comply with environmental legal, regulatory & other compliance requirements related to environmental management and to continually improve our environmental performance.

To manage our environmental performance and culture of environmental sustainability, we maintain and continually improve our ISO 14001:2015 Environmental Management System and endeavour to:

- Manage our systems and procedures to facilitate continual improvement and enhance environmental performance.
- Use this policy as a framework to set environmental objectives.
- Comply with and fulfil relevant environmental legal, regulatory and other compliance requirements as well as company policies and client requirements.
- Manage our activities with diligence and with the awareness that our goal is to protect the natural environment and prevent pollution:
- Evaluate the environmental aspects of our activities and minimise where possible, the resulting environmental impacts.
- Foster openness, dialogue and facilitate communication regarding our environmental performance and our environmental objectives and plans.
- Ensure that our management team and persons working for and on behalf of the company are fully aware of their environmental responsibilities through the provision of communication material, training and support.
- Focus on our primary environmental goals:
 - Prevention of pollution and protection of the natural environment.
 - Subcontractor environmental commitment and compliance.
 - Environmental monitoring and measurement to demonstrate compliance and environmental best practice.
 - Environmental sustainability during project design and construction works.
- Measure our environmental performance and level of compliance by conducting self-monitoring, regular inspections, audits and reviews.
- Publish our Environmental Policy internally and post it on our website for public information. The policy will also be available to interested parties on request, subject to approval by the HSQE Manager.
- Ensure that this policy is communicated, understood, implemented and maintained by all persons working for and on behalf of the Company.

Eugene O'Shea
MANAGING DIRECTOR
